

Cigar Lane

project description | roadway improvement

location

Lexington, Kentucky

client

Finance and Administration Cabinet
403 Wapping Street
Lexington, KY 40511

completion date

2007

budget

\$2,300,000

CDP Engineers prepared Phase I and Phase II roadway design for the 1.0 mile Cigar Lane in preparation for the 2010 FEI World Equestrian Games. This roadway is intended to improve safety and access to the new indoor arena located at the Cigar Lane/John Henry Lane intersection. Cigar Lane is to be widened to a three-lane urban section consisting of two 12-foot lanes with one 12-foot center turn lane. A one lane roundabout will be constructed at the Cigar Lane/Park entrance/Exit road.

project components

- Access to new indoor arena.
- Roundabout with landscaped focal point.
- Aesthetic treatment throughout the corridor.
- Improvements to the intersection of Cigar Lane and Park entrance road.
- Tree preservation of historic Sycamores.
- Stream improvements to Cane Run Creek.
- New bridge with decorative treatments.
- Utility relocation of electric lines.
